#1 FOR A REASON

FJ is worn by more golfers—professionals, amateurs, and everyday players—than any other golf brand for a reason. We offer more styles & more sizes to meet the needs of every swing type and player profile. Why do we do this? **Because the right golf shoe can enhance your game.**

A PROPER FITTING SHOE

LEADS TO MORE COMFORT

70% of people are in the wrong size shoe.

A proper fitting shoe reduces foot fatigue, prevents discomfort, and leads to a more enjoyable golfing experience.

FJ offers more sizes and widths than any other golf footwear brand.

LEADS TO BETTER PERFORMANCE

Golfers wearing a properly fitted shoe notice greater swing force than individuals in an improper shoe size.

Some golfers prefer a shoe that allows for more flexibility throughout the swing, while others prefer a shoe that offers more stability and support. FJ offers different shoes for different swings.
