FJ #1
SHOE
IN GOLF

#1 FOR A REASON

FJ is worn by more golfers—professionals, amateurs, and everyday players—than any other golf brand for a reason. We offer more styles and more sizes to meet the needs of every swing type and player profile. Why do we do this? Because the right golf shoe can enhance your game.

A PROPER FITTING SHOE

LEADS TO MORE COMFORT

- 70% of people are in the wrong size golf shoe.
- A proper fitting shoe reduces foot fatigue, prevents discomfort, and leads to a more enjoyable golfing experience.
- FJ offers more sizes and widths than any other golf footwear brand.

LEADS TO BETTER PERFORMANCE

- Golfers wearing a properly fitted shoe notice greater swing force than individuals in an improper shoe size.
- Some golfers prefer a shoe that allows for more flexibility throughout the swing, while others prefer a shoe that offers more stability and support. FJ offers different shoes for different swings.
