NEW GOLF HOLE RING

Using a Golf Hole Ring helps maintain the integrity of the cup hole edges, which are being damaged at a higher rate because of the new USGA rule allowing the flagstick to be left in while putting. Use with the Golf Hole Ring Cup Setter to easily install the ring when setting the cup.

NEW GOLF HOLE RING CUP SETTER

COURSE MARKINGS

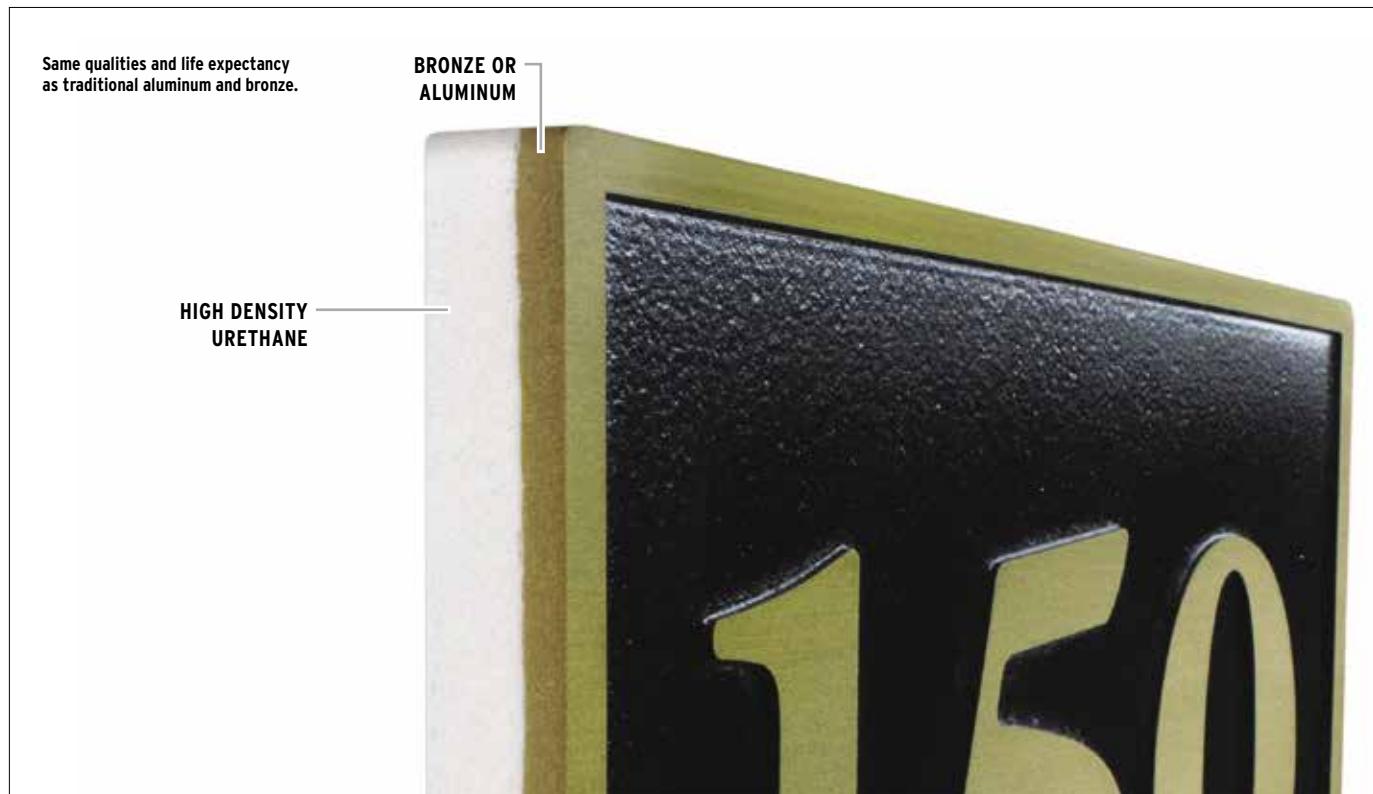

The ultimate sign of quality.

Nothing helps elevate the perception of course status more than cast metal course signage. But the prohibitive cost of foundry-produced cast signage can be out-of-bounds for most. Now with Par Aide's line of FusionCast signage, aluminum or bronze metal signs, plaques and markers are within reach.

Our FusionCast signage uses a patented technology that fuses metal with high density urethane (HDU), resulting in dimensional plaques and markers that look, feel and perform like foundry-poured signs, but without the excessive weight and high production costs.

This unique cold-casting technology also lets us create highly detailed customized signs. Emblazon your brand onto tee markers and plaques, in-ground tee and fairway yardage plaques, cart path pyramids, sponsor signs, facility wayfinding signs and tee signs. Every FusionCast sign is available in aluminum or bronze and adds an elegance that enhances the brand of your facility.

Par Aide FusionCast markers and signs are available in a range of stock template shapes, sizes and mounting configurations. Best of all, our FusionCast signs are proven to perform exceptionally in the harshest climates, providing the richness and rugged durability you expect from high-quality metal signage.

FusionCast® TEE SIGNS

Our tee signs are the perfect way to enhance the branding of your course on each tee box. These products are completely customizable to the detailed specifications of your course creating endless possibilities including:

- Custom tee yardages
- Full color domed or sleek cast metal logos
- Domed hole layouts
- Aluminum or bronze metal

FusionCast® LOGO AND HOLE LAYOUT OPTIONS

Whether it's your course logo or a company logo for your sponsor signs, we have two options that work great for most FusionCast products. The sleek cast metal logo offers a uniform look in the popular aluminum or bronze metal options. If you are looking for a full color logo, our super durable and weather resistant domed acrylic logos give your FusionCast signs a look that pops. Further customize each tee sign with a detailed, full color hole layout with our acrylic domes. Another great feature and gives golfers an aerial view of each hole.
