MULTIPLE OPTIONS SO YOU CAN HAVE THE RIGHT FLAG, FOR THE RIGHT TIME!

**PLASTIC TUBE:** The same tube you've always used just got better! Now featuring a hexagon shape for added strength, these tubes resist the warping and cracking caused by long term use.

**SOFT TUBE:** Soft tubed flags, designed with a grommet at the top of the tube, are an excellent alternative to traditional plastic tubes. They help reduce noise on the green and are ideal for tournaments, where the flags can be given away as keepsakes or trophies after the event. Additionally, their flexible design makes them easy to frame.

**3-HOLE GROMMET:** What's the difference? The covered grommet strip features extra fabric that wraps around the exterior of the traditional grommet strip to add a slightly more "modern" look to the timeless classic. This allows for material flag saver to be added! Grommet flags make for excellent trophy or souvenir flags as well!

**TUBELESS:** The perfect flag for pro shop, framing, trophy or award flags! Cannot be used on flagsticks.

The quality of our flags from Wittek Golf is outstanding. They are not only durable and hold up to all weather conditions, but they're also incredibly easy to customize. We love how they've added an extra touch of elegance to our greens, giving the course a polished, professional look. Our players have noticed the difference, and we couldn't be happier with the results.

Big thanks to the Wittek team!
