Confidence in Every Club

## Drivers and Fairways

# Distance Yourself.

Step away from doubt and into GTS. The product of a decade-long quest by the Titleist R&D team, its unique combination of speed and forgiveness frees you to swing fast and easy. Leaving the player you've been behind and creating a new, bolder you off the tee.

	<i><b>GT1</b></i>	<i><b>GTS2</b></i>
<b>Player Profile</b>	For golfers looking for easy launch and effortless distance	For golfers looking for added speed and stability across the face, GTS2 makes maximum forgiveness even faster.
<b>Launch &amp; Spin</b>	High / Mid	High / Low
<b>Available Lofts</b>	<b>Driver</b> RH/LH: 9°, 10°, 12°	<b>Driver</b> RH/LH: 8°, 9°, 10°, 11°
	<b>Fairway</b> RH/LH: 14.5° (GT1 3 Tour), 15°, 18°, 21°, 24°	<b>Fairway</b> RH/LH: 13.5°, 15°, 16.5°, 18°, 21°

## GTS3

### Player Profile

For golfers who want more control over speed and ball flight, GTS3 delivers our most adjustable driver ever.

### Launch & Spin

Mid / Low

### Available Lofts

**Driver**  
RH/LH: 8°, 9°, 10°, 11°

**Fairway**  
RH/LH: 15°, 16.5°,  
18°, 21°

## GTS4

For golfers losing distance due to high spin rates, GTS4 offers aggressive spin reduction—now with added adjustability.

Mid / Low

**Driver**  
RH/LH: 8°, 9°, 10°

### Dual Weighting System

## Hit Your Preferred Launch Window.

New across the GTS lineup, the Dual Weighting System uses interchangeable weights to allow fitters to match the center of gravity (CG) to the player's personal swing mechanics. Shift CG forward to lower launch and spin or shift it back to increase launch and spin. Proper CG position is critical for optimizing accuracy and maximizing distance.

SureFit® CG Track

## Dial in Speed and Directional Control.

Featured in GTS3 and GTS4 drivers, the SureFit CG Track adds adjustability from heel-to-toe. Align CG with the player's impact pattern to maximize ball speed or reposition it to fine-tune shot shape—toward the heel to reduce a fade or add draw spin, toward the toe to reduce a draw or add fade spin.

**SureFit® Adjustable Hosel**

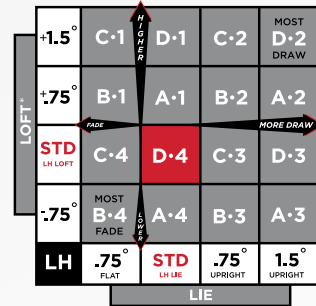

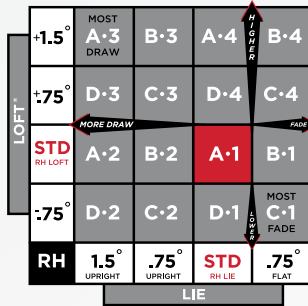

## **Dial In Your Ball Flight.**

Every Titleist driver features a SureFit Hosel—Tour-proven adjustability that lets players and fitters independently adjust loft and lie. With 16 unique settings, players can fine-tune launch, spin, and start direction without changing anything about their swing.

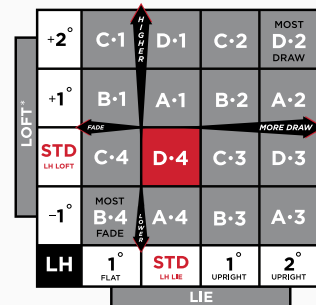

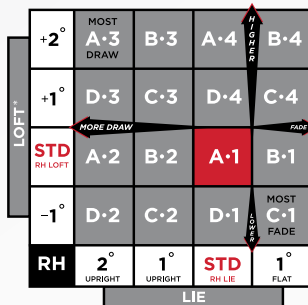

## Drivers and Fairways

## Hybrids

## Hybrids

# Locked-In Performance.

GT reimagines hybrid performance with new flat-weight adjustability for ultimate CG control. Your fitter has more ways than ever to optimize CG position for speed and stability.

	<i><b>GT1</b></i>	<i><b>GT2</b></i>	<i><b>GT3</b></i>
<b>Player Profile</b>	Effortless distance from various lies in an ultra-lightweight construction	A higher-launching, more forgiving long-iron replacement	A more compact, iron-like hybrid design with mid/high ball flight
<b>Launch &amp; Spin</b>	High / Mid	High / Low	High / Low
<b>Available Lofts</b>	<b>RH/LH:</b> 20°, 23°, 26°, 29°	<b>RH/LH:</b> 18°, 21°, 24°	<b>RH/LH:</b> 19°, 21°, 24°

## Utility Irons

# Advanced Driving Irons.

More distance than a standard iron, less spin than a hybrid. These clubs are designed to expand your shot options at the top end of the bag to deliver that one shot you need precisely when you need it.

## U.S05

Vokey Design SM11 Wedges

# Sharpen Your Short Game.

## Step 1:

### Hit Your Number

Vokey recommends 4°-6° of loft separation between your wedges resulting in 10-15 yard gaps. Most players will benefit from carrying four wedges which lead to tighter distance gaps and more full swings.

Recommended Wedge Set Compositions			
PW (43° - 44°)	48°	52°	56°
PW (43° - 44°)	48°	52°	58°
PW (45° - 46°)	50°	54°	58°
PW (45° - 46°)	50°	54°	60°
PW (47° - 48°)	52°	56°	60°
PW (47° - 48°)	52°	58°	62°

## Step 2:

### Bounce and Grind Selection

Different wedge grinds add versatility and improve shotmaking across various lies and turf conditions. Use our guide to find the best option for common greenside situations.

SM11 Bounce & Grind Options	
44°	44.10 F
46°	46.10 F
48°	48.10 F
50°	50.08 F, 50.12 F
52°	52.08 F, 52.12 F
54°	54.08 M, 54.10 S, 54.12 D, 54.14 F
56°	56.08 M, 56.10 S, 56.12 D, 56.14 F
58°	58.04 T, 58.06 K, 58.08 M, 58.10 S, 58.12 D, 58.12 K
60°	60.04 T, 60.06 K, 60.08 M, 60.10 S, 60.12 D, 60.12 K

## Wedge Selector Tool

Scan to find the perfect wedge setup for your game.

### Step 3:

## Bounce and Swing Types

Adding one high bounce and one mid bounce wedge to your set will create more versatility and improve your shotmaking for various lies and turf conditions. Use our guide to help solidify which bounce works best in common greenside situations.

Low Bounce - Sweeper

Mid Bounce - Neutral

High Bounce - Digger

Vokey Design SM11 Wedges
